

NEUROCRIN

● KRYN

ampollas de 1 c. c.  
SUBSTANCIA CEREAL  
tida en el  
LIBREA

A stylized, high-contrast illustration in shades of brown and white. It depicts a hand holding a syringe, with the needle pointing towards the right. The hand is rendered with bold, geometric shapes and stippled shading. The syringe is also stylized, with a large circular element on its side. The overall style is graphic and modern.

**ADULTS:** Una injecció subcutània d'1 c. c., en dies alterns  
**NENS:** La meitat de la dosi
